Interests and Activities:

I've had an interest in computers since a very young age. I spend much of my free time using computers, from working on them to repairing them, developing with them, programming with them, and more. I also assisted Onaga High School's Technical Coordinator during each school day with miscellaneous tasks including helping teachers and students with computer issues, solving hardware issues with computers, and installing software on computers during my Senior year of high school.

I also enjoy photography. I began learning about cameras and photography my freshmen year of high school. Since then I've learned many of the technical terms and correct methods to take high quality, emotional photos.

Throughout high school, I was involved in many activities, including the following:

- Sports
 - Golf for one year
 - Track for one year
- Student Council for three years
 - Co-President my Senior year
- Journalism Class for four years
 - Photo Editor for one year
 - Head Photographer for two years
- Spanish Club for three years
 - Student Council Representative for two years
- Band for three years
- Chess Club for four years
- Forensics for one year
- Kansas Association for Youth for one year
 - "Techie" Senior year
- Scholar's Bowl for three years
- National Honor's Society for two years
 - Treasurer Senior Year
- Class Leadership Roles
 - Freshmen year Student Council Representative
 - Sophomore year Treasurer
